Software Engineering Intern · Full-Stack · Backend · Open Source

📞 +91 9508364740 📍 Bihar, India ✉ prittform@gmail.com 🌐 github.com/pritkr 🔗 linkedin.com/in/prit-kumar 🌐 prit.eu.org

## Summary

I build software that gives people more control: private browsing, easier access to university data, and clearer paths to public benefits. My work spans a browser extension with 1,000+ installs, tools for 30,000+ student records, and eligibility across 1,000+ schemes. B.Tech CSE student seeking remote SWE internships and full-time roles.

## Projects

### Predirect — Privacy Browser Extension ↗

Manifest V3 · Browser APIs

Maintainer & Lead Developer (270+ ★ on GitHub · GPL-3.0)

Nov 2023 – Present

- Redirects 30+ tracking-heavy sites (YouTube, X, Reddit, Google, Instagram, TikTok) to privacy-friendly frontends such as Piped, Redlib, and SearXNG.
- Reached 1,000+ installs across Chrome, Firefox (including Android), and Microsoft Edge; built with minimal permissions.
- Automated frontend-instance health checks and synchronization with GitHub Actions (pritrkr/instances).

### BEU Connect — Academic Utility Portal ↗

OCR · Vision-Language Models · ETL

Creator & Lead Developer

2024 – Present

- Built a student portal consolidating syllabi, exam results, analytics, and official alerts for Bihar Engineering University.
- Scraped and parsed past-year papers into a searchable archive; digitized scanned papers with OCR and vision-language models.
- Loaded results for 30,000+ BEU student records through a bulk-ingestion pipeline into a queryable database for analytics.

### chaind-cli — Chat Apps to Local AI Agents ↗

Go · Unix Sockets

Lead Developer

2024 – Present

- Built a headless Go daemon connecting WhatsApp, Matrix, and Telegram to local AI agents over permission-gated Unix sockets.
- Enables self-hosted LLM use without cloud dependencies or exposed network ports.

### listbrew — Contact Sync Engine ↗

Python · Frappe · CI

Creator & Maintainer

Dec 2025 – Present

- Built a Python contact-sync engine connecting Frappe with Listmonk; added CI checks with Ruff, Semgrep, PyUpgrade, and pip-audit.

### JanSahay — Welfare Scheme Eligibility Platform ↗

React PWA · Android · Cloudflare Workers

Finalist · TEJAS India Hackathon 2026 (GEC Sheikhpura)

Sep 2026

- Catalogs 1,000+ central and state schemes from myScheme in an India-wide, Hindi-first eligibility app; users create a profile once to find matching benefits.
- Uses deterministic rules for eligibility and an LLM only to rephrase results; includes offline access, Hindi text-to-speech, OTP-assisted profile sync, and deadline alerts.
- Shares a TypeScript monorepo across a React PWA and Android app, with backend services on Cloudflare Workers.

## Experience

### Bodhya FOSS Community ↗

bodhya.net — Bihar, India

Tech & Programs Lead — Founding Core Team

Jan 2026 – Present

- Lead technology and programs connecting engineering students in Bihar with open-source mentors, workshops, internships, and projects.
- Built certificate-generation and event tools, plus Frappe/Listmonk integrations.

### Navprayas — Student-Run Non-Profit Society ↗

navprayas.in — Manpur Patwatoli, Gaya, Bihar

Team Lead — Website, Database & Anchoring

May 2025 – Present

- Led website and database work for a student-run nonprofit serving Manpur-Patwatoli, Gaya.
- Delivered the organization's first online registration flow with Razorpay for MTSE and other events.

### FOSS Club GEC Sheikhpura (FOSS United) ↗

fossunited.org/c/gec-sheikhpura

Core Team Member

Aug 2025 – Present

- Organized Git/GitHub workshops, Linux installation events, and GSoC career sessions with the FOSS United college club.
- Migrated 15 student machines to Linux and terminal-based workflows.

## Technical Skills

**Languages:** Python, TypeScript, JavaScript, Go, C, Bash, SQL

**Frontend:** React, Astro, Tailwind CSS, HTML/CSS

**Backend & Cloud:** Node.js, REST APIs, PostgreSQL, Supabase, Cloudflare Workers

**Tools & Systems:** Git/GitHub, GitHub Actions, Linux (Arch), Docker, Nginx, Frappe

**Data & Automation:** Web scraping, OCR, vision-language models, ETL, CI/CD

## Education

### Government Engineering College (GEC), Sheikhpura

Sheikhpura, Bihar, India

B.Tech CSE · Bihar Engineering University (BEU)

Expected 2028
